Community Service: Rape Crisis Counselor Big Brothers & Sisters

Why Do You Wish To Serve: I moved to Columbia in 1987. My children grew up here, went to college her and watched my husban, their faterh die here. Since that time and explosion of growth has happened in Columbia - some good, some not so good. It has been a long time since I participated in vollunteer work. The use of our community is an important issue. I want to ensure my grandchildren have as great aplace to grow up as my children did. I believe I can be an unbiased, useful and calming influence on the Planning and Zoning Commission.

Experience:

I've spent the past four years as the administrator for the local Multiple Listng Service software. During that time, I've paid a lot of attention to the growth and zoning issues in Columbia. I am a thoughtful and very analytical individual.
